What we will do

First year of purchase. If the defect occurs within the first year of purchase, we will repair or replace at our option and without charge the defective mattress.

Second through third year of purchase. If the defect occurs in the second through third year following purchase, we will attempt to repair the defective covered mattress. If the mattress needs to be replaced, you will be responsible for all related charges not to exceed the current mattress price minus a credit for the remaining prorated value of the mattress (33 1/3% of the current mattress price for each year remaining on the three year limited warranty). If the covered mattress is no longer available, we will choose a comparable mattress and the same prorated formula will be used.
