

AWAKENINGS COLLECTION

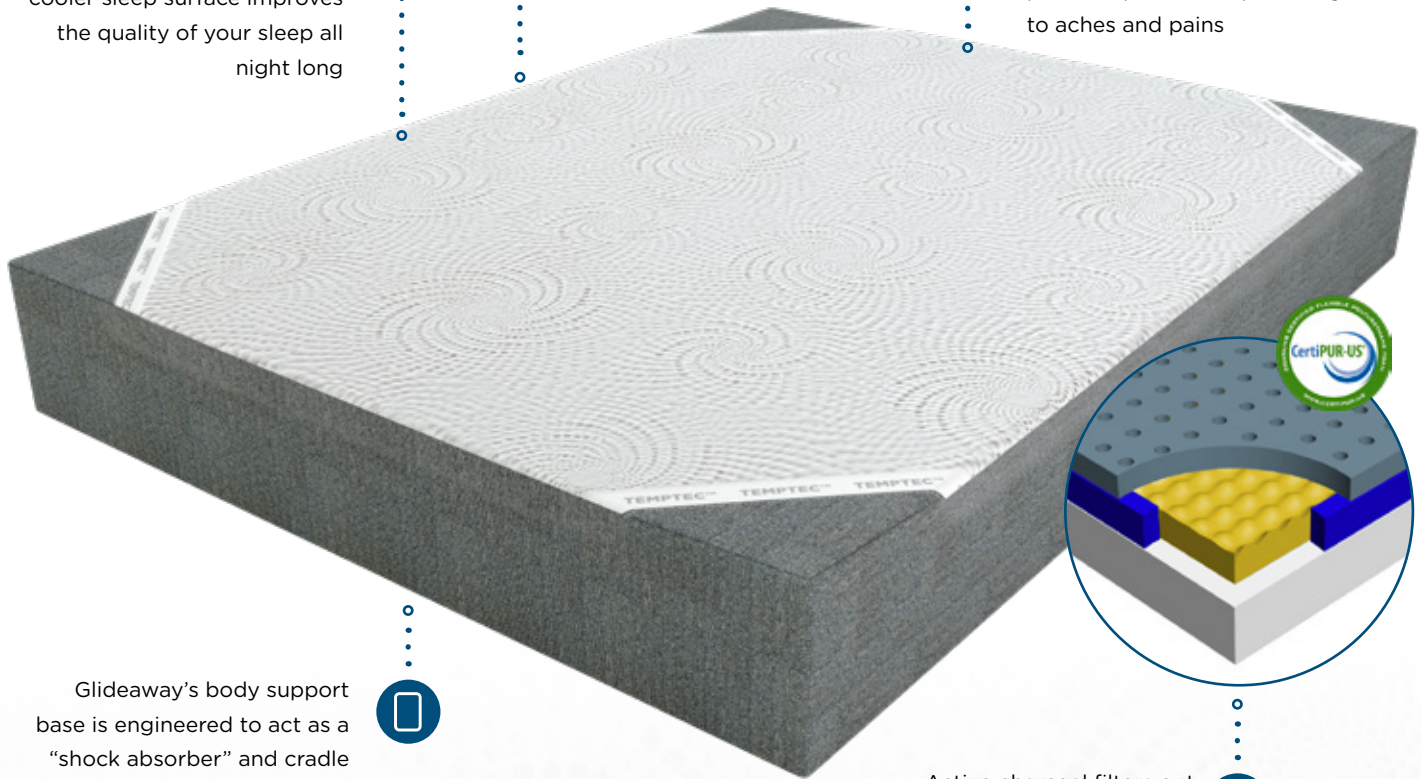

AWAKENINGS
MATTRESSES

The Peak of Cooling and Comfort

TEMPTEC™ fabric removes humidity within the sleep environment and provides a cooler sleep surface improves the quality of your sleep all night long

TruGel® infused memory foam absorbs your body heat faster than traditional gel products, allowing your body to transition to sleep faster

Premium memory foam responds to the weight of the body, eliminating pressure points and providing relief to aches and pains

Glideaway's body support base is engineered to act as a "shock absorber" and cradle the weight of your body while supporting bone structure

Active charcoal filters out harmful elements and controls odor, fighting mold and mildew

Charcoal Memory Foam

Active charcoal filters out harmful elements and controls odor, fighting mold and mildew. Memory foam is naturally resistant to allergens.

TruGel® Technology

TruGel® absorbs heat and provides maximum cooling allowing your body to transition into a better night's sleep.

TEMPTEC™ Fabric
