Included

- A
- B
- C
- D
- E
- F
- G
- H
- TXL: x4
- Q: x6
- TXL: x2
- Q: x3
- x2
- x8
- x3

1. Insert G into both side tubes of A and B as shown.

2. Install as shown and tighten with 1.

3. Unscrew and remove legs from Comfort Base.

4. Install E on to Comfort Base with D. Note: Queen size requires installation of middle brackets.

5. Position A so that one hole on each side is aligned with the existing leg holes on the base. Secure A to base with E and F and tighten.

6. Cut yellow wire tie to release motor cable. Route the green motor cable as shown to prevent damage during operation. Plug motor cable into control box port labeled “Lift Motor”.

7. Reinstall LEGS

Warning

IMPORTANT: Do not lean base against legs when turning over.

WARNING: Failure to properly route wires may cause permanent damage to cord and or damage to control box. Failure to route cords properly can void warranty.

NOTE: If using a 3-in-1 leg system, a minimum of (2) leg sections must be used.

For more detailed instructions, please visit www.glideaway.com/comfortbase/userguide

WARNING: Failure to properly route wires may cause permanent damage to cord and or damage to control box. Failure to route cords properly can void warranty.

If the base frame is thinner than the height of the bracket, install bracket spacer A.

NOTE: If using a 3-in-1 leg system, a minimum of (2) leg sections must be used.
**ATTENTION**

Dear Customer, please read these instructions thoroughly before using this product. Proper operation of your Adjustable Bed is necessary to ensure the longevity and durability you expect from a high-quality product. The manufacturer has tested and inspected this product prior to shipment.

**ELECTRICAL SAFETY**

Always store this adjustable bed frame from the electrical outlet before any cleaning or maintenance of the bed frame. To safety and prevent electrical shock, do not unplug the cord from the wall outlet or floor receptacle. WARNING: TO PREVENT FIRE OR SHOCK HAZARDS, DO NOT EXPOSE THIS UNIT TO MOISTURE. Do not use this Adjustable Bed alone and contact the manufacturer for repair. It is not a working prop; it is not a working prop. It is not a working prop. If it has been dropped or damaged for optimal safety, your adjustable bed should be plugged into a surge protector (not supplied with this adjustable bed).

**WARRANTY WARNING**

This product is specifically designed to require no maintenance by you, the user. Any cleaning or sanitizing of the control box, motors or hand controls (with the exception of the battery compartment, if equipped) will void the warranty. Do not attempt to alter component assembly or repair or modify the structure of the product as any component assembly or repair or modification of the product will result in voiding the warranty. Discrepancy use of this adjustable bed and contact the manufacturer for repair.

**IN-HOME USE ONLY**

This adjustable bed is designed exclusively for in-home use.

**HOSPITAL/MEDICAL DISCLAIMER**

This is not an adjustable bed for hospital or medical use. (In-Home or Commercial use) is not designed to meet medical or hospital standards. Do not use this bed with TEN TYPE oxygen therapy equipment or use near explosive gases.

**PRODUCT RATINGS**

Lift Motor Specifications: The lift motors in this bed are not designed to operate continuously for more than one (1) minute over an eight (8) minute time period, or approximately 12% duty cycle. To ensure reliable functionality and full life of this product, do not attempt to exceed these limits. Note: Attempting to operate or exceed the rating window will shorten the life expectancy of the product. The weight and height restrictions on this adjustable bed are:

- **Queen**: 650 lb
- **Full/XL**: 500 lb
- **Twin/XL**: 400 lb (800 lb if using two twins as a King)
- **1/pc King**: 800 lbs

Recommended weight limits on our adjustable beds are:
- **Queen**: 450 lb
- **Full/XL**: 400 lb
- **Twin/XL**: 350 lb

The structure of the bed will support the recommended weight when distributed evenly across the bed. The head and foot sections are not designed to individually support or lift this amount of weight.

For optimal performance and longevity of structure, enter and exit the adjustable bed with the bed in the flat position. Using the lift motors to lift the bed in the flat position is not recommended. Note: Exceeding the recommended weight restrictions could damage your adjustable bed and void your warranty.

**SMALL CHILDREN AND PETS WARNING**

Immediately dispose of all packing materials as they can pose a smothering risk to small children and pets. Do not allow children to operate this bed without adult supervision.

**LUBRICATION AND CLEANING**

This product is designed for maintenance-free. The lift motors are permanently lubricated and sealed-no additional lubrication is required. Do not apply lubricant to lift motor lead screws or any nylon nuts or the base may inadvertently creep downward from the elevated position.

**LIFT WARNING**

Do not sit on the head or foot sections while in the raised position, or during lift or lowering cycles.

**LOCATION ENVIRONMENT**

The level of sound experienced during operation is directly related to the location environment. For example, when the base is located on a hard floor with the vibe feature in operation, a vibrating tone will be audible. To minimize this resonance, place a piece of carpet under each leg of the base.

**MOVING AFTER INSTALLATION**

It is possible to experience vibration or noise from the headboard brackets, headboards, or footboards if mounting bolts are not tightened properly. A vibrating tone will be audible. To minimize this resonance, place a piece of carpet under each leg of the base.

**WARNING**

To reduce the risk of back, fire, electric shock, or injury to persons:
- Unplug this unit before cleaning or maintenance.
- Do not use this unit for children, invalids, disabled persons, or pets.
- Use this unit only for its intended use as described in these instructions. Do not use attachments or accessories not recommended by the manufacturer.
- Do not attempt to service the product or replace or repair any part of it. The manufacturer recommends that only those authorized may conduct repairs or part replacement on your adjustable bed.
- Use this unit only for its intended use as described in these instructions. Do not use any открывальные or modifications that are not recommended in the manufacturer's instructions.
- Never operate this base if it has a damaged cord or plug, (2) it is not working properly, (3) it has been dropped or damaged. FOR OPTIMAL SAFETY, YOUR ADJUSTABLE BED SHOULD BE PLUGGED INTO A SURGE PROTECTOR (not supplied with this adjustable bed).
