# IRON HORSE, ADVANTAGE OR CLASSIC

## INSTRUCTIONS FOR IRON HORSE, ADVANTAGE OR CLASSIC

Step 1.

Swing out cross arms on all corners of the bed frame.

Step 2.

Install rug rollers or glides to the bottom of all outside legs. (See Fig. A)

Secure plastic end cap. (See Fig. A)

### What size bed frame do you need?

#### Twin, Full

Step 3.

Find the key hole slots that correspond to the size bed you need. (See twin/full assembly view)

Step 4.

Engage rivets into key hole slots and use plastic fastener to secure cross arms into position. (See Fig. B)

#### Queen

Step 3.

Install glides to the bottom of center support legs. (See Queen assembly view)

Step 4.

Find the key hole slots that correspond to the size bed you need. (See Fig. B and Queen assembly view)

Step 5.

Engage rivets into key hole slots and use plastic fastener to secure cross arms into position. (See Fig. C)

Step 6.

Place center support in center of bed frame into position from left side to right side. (See Queen assembly view)

#### King or California King

Step 3.

Install glides to the bottom of center support legs.

Step 4.

Find the key hole slots that correspond to the size bed you need. (See Fig. D)

Step 5.

Connect extension bar to the main frame assembly using the key hole slots corresponding to the size you are needing. Engage rivets into key hole slots and use plastic fastener to secure into position. (See Fig. D)

Step 6.

Place center support in center of bed frame in head to toe position. Use plastic fastener to secure into position. (See Fig. C)
