IMPORTANT:
Tighten legs securely.

NOTE:
King-size bases require a minimum of two leg segments on each leg of the base. Failure to use at least two leg segments could result in damage to floor and base and will void product warranty.

HUNTLEY ONLY:
Connect the foot motor connector cable to the head motor connector cable. These are pre-installed cables. Snap lock closed once connected.

NOTE:
Do not lean bed against legs when turning over base.
INSTRUCTIONS TO SYNC REMOTE TO BASE

1. Double click the PAIR button on the control box (light will go on).

2. Connect the REMOTE to ONE (FIRST) BASE
   Simultaneously press and hold the FLAT and HEAD UP buttons. When the LED light on the control box turns off release the two buttons.

3. Connect the SECOND BASE TO REMOTE (TXL, SCK, SQ)
   Locate the control box on second base. Repeat step one on second base control box. Simultaneously press and hold the FLAT and HEAD DOWN buttons. When the LED light on the control box turns off release the two buttons.

SAFETY INFORMATION

ATTENTION: IMPORTANT SAFETY INSTRUCTIONS. SAVE THIS MANUAL. PLEASE READ THESE INSTRUCTIONS THOROUGHLY BEFORE USING THIS PRODUCT. PROPER OPERATION OF YOUR ADJUSTABLE BED IS NECESSARY TO ENSURE THE LONG LIFE AND DURABILITY YOU EXPECT FROM A HIGH QUALITY PRODUCT. THE MANUFACTURER HAS TESTED AND INSPECTED THIS PRODUCT PRIOR TO SHIPMENT.

RADIO FREQUENCY 1.2-5.4 GHZ
FCC compliance device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. Any change to the antenna or the device could result in the device exceeding the RF exposure requirements and void the user’s right to operate the device. The input voltage is AC100-240 50/60Hz, the output voltage is DC24V 1.8A.

ELECTRICAL SAFETY
Always use the adjustable bed frame from the electrical outlet before any cleaning or maintenance of the bed frame. To safely disconnect, remove the plug from the outlet. Keep cord away from heated surfaces. Use only indoor. WARNING: TO PREVENT FIRE OR SHOCK HAZARD, DO NOT EXPOSE THIS UNIT TO MOISTURE. Discontinue use of this adjustable bed base and contact the manufacturer for repair if: (1) It has a damaged cord or plug, (2) It is not working properly, (3) It has been dropped or damaged. FOR OPTIMAL SAFETY, YOUR ADJUSTABLE BED SHOULD BE PLUGGED INTO A SURGE PROTECTOR (not supplied with this adjustable bed).

BATTERY PRECAUTIONS
Follow these precautions when using batteries in this device:
1. Warning! Danger of explosion if battery is incorrectly replaced. Replace only with the 6LR61 9V batteries and LR03 AAA batteries.
2. Be sure to follow the correct polarity when installing the batteries as indicated in the battery compartment. A reversed battery may cause damage to the device.
3. Do not mix different types of batteries together (e.g. Alkaline, Rechargeable and Carbon-zinc) or old batteries with fresh ones.
4. If the device is not to be used for a long period of time, remove the batteries to prevent damage or injury from possible battery leakage.
5. Do not try to recharge a battery not intended to be recharged; it can overheat and rupture. (Follow battery manufacturer’s directions.)

WARRANTY WARNING
This bed is specifically designed to require no maintenance by you, the user. Any opening or tampering with the control box, motors or hand controls (with the exception of the battery compartment, if equipped) will void the warranty. Do not attempt to alter component wiring or adjust or modify the structure of the product in any way or the warranty will be void. Only those authorized may conduct repairs or part replacement on your adjustable bed.

IN-HOME USE ONLY
This adjustable bed is designed exclusively for in-home use.

HOSPITAL/MEDICAL DISCLAIMER
This base is NOT designed for commercial hospital or medical use and is NOT designed to meet hospital standards. Do not use this base with TENT TYPE oxygen therapy equipment or use near explosive gases.

CONSUMERS WITH PACEMAKERS
It is possible that the vibrating feature of this bed may be interpreted falsely by some pacemakers as movement and/or exercise. This is common with any product that produces a vibrating motion, and may or may not affect your pacemaker. Please consult your physician with any concerns.

PRODUCT RATINGS
Lift Motor Restrictions: The lift motors in this bed are NOT designed to operate continuously for more than one (1) minute over an eight (8) minute time period, or approximately 12% duty cycle. To ensure reliable functionality and full life of this product, do not exceed these limits. NOTE: Attempting to circumvent or exceed this rating will shorten the life expectancy of the product and may void the warranty.

Weight Restrictions: The recommended weight limits on our adjustable beds are: Queen: 600 lbs Full/ovalXL: 500 lbs Twin/ovalXL: 400 lbs (800 lbs if using two twins as a King) 1/pc King: 800 lbs

The structure of the bed will support the recommended weight when distributed evenly across the bed. The head and foot sections are not designed to individually support or lift this amount of weight. For optimal performance and longevity of structure, enter and exit only when head and foot sections are flat. NOTE: Exceeding the recommended weight restrictions could damage your adjustable bed and void your warranty.

SMALL CHILDREN AND PETS WARNING
Immediately dispose of all packing materials as they can pose a smothering risk to small children and pets. Injury could occur also if children or pets are permitted to play on or under the bed. Do not allow children to operate this bed without adult supervision.

LUBRICATION AND CLEANING
This product is designed to be maintenance free. The lift motors are permanently lubricated and sealed—no additional lubrication is required. Do not apply lubricant to lift motor lead screws or any nylon nuts or the base may inadvertently creep downward from the elevated position.

LIFT WARNING
DO NOT SIT ON THE HEAD OR FOOT SECTIONS WHILE IN THE RAISED POSITION, OR DURING LIFT OR LOWERING CYCLES.

LOCATION ENVIRONMENT
The level of sound experienced during operation is directly related to the location environment. For example, when a base is located on a hardwood floor with the vibe feature in operation, a vibrating sound is expected. Prolonged exposure to high decibel levels can be harmful to the user.

MOVING AFTER INSTALLATION
Do not place adjustable bed base vertically on its head, foot sections or sides. This may cause injury to persons or damage to base.

WARRANTY WARNING
Do not place adjustable bed base vertically on its head, foot sections or sides. This may cause injury to persons or damage to base.

WARNINGS
To reduce the risk of burns, fire, electric shock, or injury to persons:

• Unplug from outlet before putting on or taking off accessories.
• Close supervision is necessary when this base is used by, or near children, invalids, disabled persons, or pets.
• Use this base only for its intended use as described in these instructions. Do not use attachments not recommended by the manufacturer.
• Never operate this base if it has a damaged cord or plug, is not working properly, has been dropped or damaged, or dropped in water.
• Keep the cord away from heated surfaces.
• Never drop or insert any object into any opening.
• Do not use outdoors.
• Do not operate where aerosol (spray) products are being used or where oxygen is being administered.
• To disconnect, remove plug from outlet.
• Do NOT USE NEAR PEOPLE USING OR WEARING MEDICAL DEVICES, FOR HOUSEHOLD/RESIDENTIAL USE ONLY.
