

EDISON REMOTE GUIDE

MOTION
ADJUSTABLE BASES

Sleep Well. Live Better. Be Your Best.

HOW TO SYNC REMOTE

1. Quickly double-click the pair button on the control box. The LED lights under the bed will begin to blink
2. Simultaneously press and hold the head up and foot up buttons. When the LED lights stop blinking release the two buttons.
3. Test the bed to make sure it is now working. Repeat the steps if necessary.
